

CNNIC Update

Zhang Jian

APTLD Beijing Meeting

August 20, 2009

- **IDN readiness**
- **R&D**
- **Recent activities**

- CDN test since Jan. 2000
- Commercial trial service in Nov. 2000.
- Delegation by Govt. in 2002
- Contribution to RFC 3743, RFC 4713
- Major Internet Browsers support

- Huge demands for CDN
- Government support
- Fully tested registration service

Over 90% of the websites of Central and Provincial Governments use CDN

The screenshot shows the Shanghai Government website in a Windows Internet Explorer browser. The address bar displays 'http://上海市政府.中国/'. The page layout includes a top navigation bar with links like '中央政府门户网站', '中国2010上海世博会', and '繁体中文版'. Below this is a main banner with the text '中国上海 www.shanghai.gov.cn' and '努力建设——国际经济中心'. The main content area is divided into three columns: '上海要闻' (Shanghai News) with a list of recent news items, '在线访谈' (Online Interview) with details for an upcoming interview on the Postal Law, and '服务平台' (Service Platform) with links to various services.

Global Distribution of .中国 Name Servers

中国信息社会重要的基础设施建设者、运行者和管理者
