The .aeDA was established in 2007 by the TRA as a department. It is the Regulatory Body and Registry Operator for the .ae domain name.

The .aeDA is responsible for the setting and enforcement of all policies with regard to the operation of the .ae and dotEmarat ccTLD as well as overseeing the operation of the Registry System.

The .aeDA's role is to:

- Develop and execute policy
- Grow, develop and market the .ae namespace
- Accredite and manage .ae Registrars
- Educate the public, delivering and promoting the .ae domain name
- Facilitate the .ae Dispute Resolution Policy
- Represent .ae at International Forums

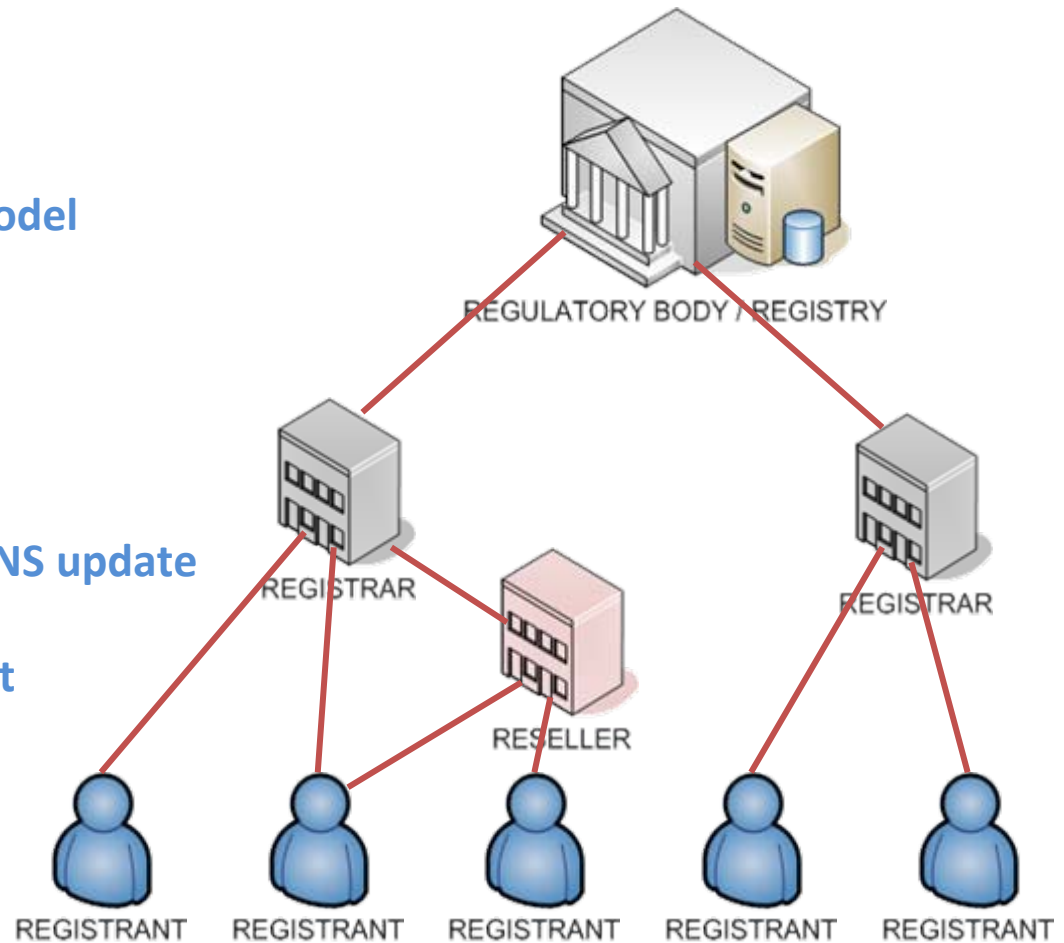

Changes in the Technical Operation of the .ae ccTLD:

The .aeDA brought changes to the ae ccTLD in order to bring it in line with international best practices. The .aeDA introduced the 'Registry - Registrar Model' into the .ae ccTLD, to provide clarity of the roles within the industry, and to introduce competitive pricing, and service models for Registrants.
