

## APTLD Board Elections 2009 List of Nominees (alphabetically by ccTLD)

|   |  |
|---|--|
|    | <p><b><u>Keith Davidson / .nz</u></b></p> <p>Organisation: Internet New Zealand Incorporated (InternetNZ)</p> <p>Position: Executive Director</p> <p>Residence: New Zealand</p> <p>Email: <a href="mailto:exe.dir@internetcz.net.nz">exe.dir@internetcz.net.nz</a></p> <p>Telephone: +64 4 4721600</p> <p>Other Current Roles:</p> <ul style="list-style-type: none"><li>* APTLD Vice Chairman since February 2008</li><li>* APTLD Board Member since February 2007</li><li>* Co-chair of ICANN GAC/ccNSO Liaison Committee</li></ul> <p>Profile:</p> <ul style="list-style-type: none"><li>* Was InternetNZ's Treasurer from 1999 to 2001</li><li>* Was InternetNZ's President from 2001 to 2005</li><li>* Regular participant in international forums including APTLD, APRICOT, ICANN and IGF</li><li>* Proactive in Pacific Island outreach programmes, for example <a href="http://www.pip.org.nz">www.pip.org.nz</a></li><li>* Hosted two APTLD meetings (and 1 ICANN meeting) in Wellington, New Zealand</li></ul> <p>Keith wishes to continue into a second term on the APTLD Board. He believes APTLD has made significant progress in the past two years, with massive growth of membership and attendance at more interesting and vibrant members meetings.</p> <p>Keith believes the Board have established a useful strategic direction for the organisation, and feels that APTLD needs to capitalise on the growth and continue to explore ways in which value can be added to the ccTLD operations in our region. He is hopeful that members will support him in continuing his board role, seeking to ensure the ongoing success of APTLD.</p> |
|  | <p><b><u>Yumi Ohashi</u></b></p> <p>Japan Registry Services Co., Ltd. (JPRS)</p> <p>-----</p> <p>- Candidate full name: Yumi Ohashi</p> <p>- Organization affiliation: Japan Registry Services Co., Ltd.(JPRS)</p> <p>- Business title: International &amp; Government Relations Manager</p>   |

|   |  |
|---|--|
|   | <ul style="list-style-type: none"> <li>- Country of residence: Japan</li> <li>- Email address: <a href="mailto:yumi@jprs.co.jp">yumi@jprs.co.jp</a></li> <li>- Biography: <ul style="list-style-type: none"> <li>International &amp; Government Relations Manager, JPRS (Japan Registry Services Co., Ltd).</li> <li>Received MA for Foreign Studies from Sophia University Graduate School, Tokyo, in 1997.</li> <li>Currently Board member of APTLD.</li> </ul> </li> </ul> <p>Yumi Ohashi had been liaison in the international affairs field in JPNIC since 1997 until JPNIC established the company, JPRS, which manages .jp top-level domain. Since after she moved to JPRS in 2001, she has taken advantage of the experience in JPNIC and served in developing the management framework of the .jp top-level domain among JPRS, JPNIC, ICANN, and the Government of Japan, which bore fruit in the Sponsorship Agreement between JPRS and ICANN. In addition to serving as the international liaison, she has actively participated in developing registration policies of .JP domain names.</p> <p>Yumi has taken part in APTLD activities since it was established in 1998. And from 2003 to 2006, she led APTLD's membership drive as the chair of the board membership committee, which resulted in more than 35% increase in the number of members.</p> <p>If elected to APTLD Board, Yumi would like to devote herself to the development of AP ccTLD community, by promoting closer information sharing and more cooperative links among APTLD members.</p> |
|  | <p><b><u>LIM CHOON SAI</u></b><br/> Affiliated Organisation: Singapore Network Information Centre (SGNIC) Pte Ltd<br/> Business Title: General Manager<br/> Country of Residence: Singapore<br/> Email address: <a href="mailto:lim_choon_sai@ida.gov.sg">lim_choon_sai@ida.gov.sg</a><br/> Telephone No: +65 9 66 88 670 or +65 6211 1833<br/> MR LIM CHOON SAI</p> <p><b>Biography</b></p> <p>Mr Lim Choon Sai is a Director in the Infocomm Development Authority of Singapore (IDA) and is responsible for Internet Resource Management. He has been responsible in the past for several key areas in telecommunications which include spectrum planning and co-ordination; network numbering management; network standards and terminal equipment management.</p>   |

Since 2001, Mr Lim has additionally been appointed the General Manager of the Singapore Network Information Centre (SGNIC) Pte. Ltd, the country-code Top Level Domain (ccTLD) manager for “.sg” names and a fully-owned subsidiary of IDA. Mr Lim is currently also a Board Director of DotAsia.

In early 2002, he led to implement a new shared registry system which enables participation of accredited registrars to sell “.sg” names on a competitive basis. The broad marketing and sale channels collectively help to increase the registry base which now stands at 115,000 names.

From 2004 to 2008, he supervised the implementation of the following projects in SGNIC:

- Launched 2nd level “.sg” names and collaborated with registrars to jointly promote “.sg” names, which include a free 2nd level name for every 3rd level name registered.
- Migrated SGNIC servers to the Government Data Centre for a robust and secure environment for SGNIC servers.
- Collaborated with IDA in its three-year infocomm @SME programme to help small and medium enterprises (SMEs) to go online. SMEs can enjoy free annual registration of “.sg” names at the same time when they register their company names with the government authority.
- Launched Numeric Domain Names (NDNs) with a bidding scheme to allocate special NDNs which are made up of identical digits or of repetitive patterns.
- Launched Single Character Domain Names (SCDNs) under “.sg” with a bidding scheme to allocate such names for multiple applications. The launch is currently underway.

Mr Lim has a Bachelor of Engineering (Electrical/Electronic ) Degree from the University of Singapore and an MBA from the Brunel University in the UK.

“I hope to be able to contribute to APTLD to continue playing a significant role to be the voices of ccTLDs in the Asia-Pacific and in the ICANN process. SGNIC is implementing Chinese and Tamil domain names and is able to share its views and feedback on how we will handle the running of these two key languages from a single registry perspective. I hope to share with fellow ccTLDs our experience in forging constructive relations with the government and regulator in jointly promoting ccTLD domain names. I also hope to share our experience with smaller ccTLDs on how to best use resources effectively to

|   |  |
|---|--|
|   | <p>progressively build up a registry while maintaining the spirit and characteristics of an ccTLD.”</p>  |
|  | <p><b><u>Anthony S. Lee</u></b></p> <p>Candidate Information:</p> <ul style="list-style-type: none"> <li>● Name: Anthony S. Lee</li> <li>● Organization: Taiwan Network Information Center (TWNIC)</li> <li>● Title: Director, Dept. of Domain Name Services</li> <li>● Residence: Taiwan</li> <li>● Address: 4F-2, No. 9, Roosevelt Rd., Sec. 2, Taipei 100, Taiwan, R.O.C.</li> <li>● Email: <a href="mailto:anthony@twNIC.net.tw">anthony@twNIC.net.tw</a></li> <li>● Telephone No.: +886-2-23411313 ext. 200</li> </ul> <p style="text-align: center;">Biography</p> <p>I have worked for Taiwan Network Information Center (TWNIC) for 8 years as the Director of Domain Name Services Department, taking responsibilities for .tw domain name registration management, registrar accreditation and relations, and domain name application training courses. I was also elected as a board member of ISOC-Taiwan Chapter in 2002 and invited by ISOC as a Committee of Individual Membership in 2003. I rebuilt the ISOC-Taiwan Chapter and invited Internet users in Taiwan to participate related Internet matters that represents the spirit of the Internet. I also served APTLD Secretariat in 2002-2003 and was the Chairman of the APNG Camp and the Steering Committee of APNG.</p> <p>I expanded .tw registration channels both in Taiwan and overseas in order to provide a worldwide .tw domain name registration services. I also took responsibility for the launch of Chinese second level domain name registration following IDN standard in 2003 and the English second level domain name registration launched in 2005. I also conducted the marketing research on .tw domain name registration to explore the registrant’s demographics and registration behavior for .tw registrars for further marketing and service reference in 2004 and 2005.</p> <p>Prior to joining TWNIC, I was a journalist and received the National Award of Golden Vision and titled the Best Journalist in 1999. I received a M.A. degree in Communication focusing on the Internet media from U.S. In 2003, I prepared a paper entitled “The Role of Local Authority on the Internet Governance: Exploring the Relationship between Local Authority and the Public Interest from Taiwan’s Experiences” presented at the World forum on Information Society held in parallel with the UN World Summit on Information Society in Geneva and published in 2004 by International Research Foundation for Development.</p> <p>My position in TWNIC has allowed me to work and focus on various global Internet issues and events, including domain name registration policy and services for more than 8 years. I would like to stand for APTLD Board election and to contribute more to strengthen regional cooperation from the perspectives of domain name administration, Internet users, and policy development to enhance the APTLD organization in Asia Pacific region.</p> |
