ccNSO activities

- IANA Stewardship Transition
- Enhancement ICANN Accountability
- ccNSO IANA Stewardship & Accountability Coordination group
- Framework of Interpretation WG
- Other Topics
IANA Stewardship Transition Process

- NTIA Announcement March 2014
- ICANN initiated process during Singapore meeting

- Perspectives on Transition Oversight Function: by its very nature impact on all ccTLDs

  All ccTLDs invited to participate
  (members and non-members ccNSO)
  (members and non-members APTLD or other Regional ccTLD organisation)
Groups IANA Stewardship Transition Process

• IANA Stewardship Transition Coordination Group (ICG)
  – Mandate: deliver a proposal to the NTIA recommending a transition plan of NTIA’s stewardship of IANA function
  – 4 ccTLD members (Martin Boyle, Keith Davidson, Xiaodong Lee, Mary Uduma)

• Cross-community Working group to develop an IANA Stewardship Transition Proposal on Naming Related Function
  – Community initiated, including ccNSO and GNSO
  – Call for volunteer / observers (call for members closed)
  – First f-2-f meeting in Los Angeles (Monday 13 October)
More Information on IANA Stewardship Transition Process

• Cross-community Working group to develop an IANA Stewardship Transition Proposal on Naming Related Function: https://community.icann.org/display/gnsocwgdttstwrdshp/CWG+to+Develop+an+IANA+Stewardship+Transition+Proposal+on+Naming+Related+Functions and http://ccnso.icann.org/workinggroups/iana-stewardship-naming.htm

• Email lists used (contact ccNSO secretariat for subscription details):
  – ccNSO members list
  – ccTLD community list
  – ccTLDWorld list
Purpose of process:
Ensuring ICANN remains accountable in the absence of its historical contractual relationship with the U.S. Government (USG), and the perceived backstop with regard to ICANN's organization-wide accountability, provided by that role, such as the renewal process of the IANA functions contract.
Community Groups Enhancement ICANN Accountability Process

• Cross Community Group
  – Purpose:
    • Identify issues for improvement
    • Appoint participants Coordination Group (2nd group)
    • Provide ongoing community input Coordination Group
  – Membership open to everyone: direct self-nomination

• Coordination Group
  – Purpose:
    • Categorizing and prioritizing issues
    • Building solution requirements for issues
    • Issuing the final report/recommendations.
  – Membership (currently): 1 member ccTLD community
Enhancement of ICANN Accountability Process

• Public comment on process!
  – Open from 6 September- 27 September
  – ccNSO appointed drafting team to prepare input

• More information:
  https://www.icann.org/news/announcement-4-2014-08-25-en
ccNSO IANA Stewardship & Accountability Coordination Committee

• **Purpose:**
  – coordinate efforts
  – Inform ccTLD community
  – Engage ccTLD community in processes

• **Membership only ex officio + observers**
  Regional Organisations

• **Information:**
  [http://ccnso.icann.org/workinggroups/istacc.htm](http://ccnso.icann.org/workinggroups/istacc.htm)
IANA Stewardship & ICANN Accountability Processes

YOUR PARTICIPATION IS NEEDED!!
Framework of Interpretation
Purpose and scope

– No new Policy, but interpretation of existing policy
  • Basic policy document: RFC 1591, 1994
– No ccPDP -> ccNSO WG structure
– ccNSO and GAC have to support recommendations
– Topics:
  • obtaining and documenting consent
  • obtaining and documenting support from Significantly Interested Parties (Local Internet Community or LIC)
  • revocation and un-consented re-delegations
  • IANA reporting on delegation and re-delegation.
  • Glossary of Terms
Progress FoI WG

- WG full consensus on recommendations around revocation/un-consented re-delegations, Significantly Interested Parties and Consent
  - Major substantive topics
  - Recommendations to be included in Final report
- Glossary of terms full Consensus WG
- Final Report, including all recommendations to be presented in Los Angeles
- Final Report to be submitted to ccNSO and GAC for support (LA meeting)
Other Activities
ccNSO WGs

• SECIR WG
  – Implement ccTLD Contact Repository, to enable ccTLD operators to communicate with each other on security incidents.
  – There will be a call for volunteers to assist with outreach!

• Strategic and Operational WG
  – Input on draft ICANNs Strategic Plan 2016-2020
  – Input on draft ICANN FY 2015 Operational Plan and Budget
