Key At-Large Community activities

The At-Large Community has the duty to understand, defend, and advocate for the interests of global Internet end users in ICANN activities.

To fulfill this duty, we focus on three areas of work:

- Comments on ICANN activities
- Policy Development
- Organisation Building

At-Large Community Working Groups

There are several At-Large Community Working Groups that can match your interest, whether you are a member of the At-Large Community or an observer.

For those in, or involved with:

**Policy, Law and/or Internet Governance Interests**
- ICANN Evolution
- IDN Policy
- New gTLDs
- Registration Issues
- Public Interest

**Technical Interests**
- Technical Issues
- Accessibility
- Technology

**Civil Society**
- Capacity Building
- Outreach & Engagement
- Social Media
- Captioning Project

**Academia**
- Capacity Building
- Accessibility

How to engage with At-Large

Given that most At-Large activities (Policy Advice Development, Policy development and Organisation building) are done online, the key first step to delving into the world of At Large is being able to receive notifications of when At Large activities are taking place.

At-Large activities are promoted and announced via:

- Social media channels
  - @icannatlarge
  - /icannatlarge

- At Large Calendar
  - https://atlarge.icann.org/calendar

- At-Large Mailing lists
  - https://atlarge.icann.org/get-involved/mailing-lists
Relationship between ALAC and the ccTLDs

- Other MoUs have followed in other regions
Future steps

- Critical analysis of the benefits of the MoU
- Common initiatives for capacity building and training
- Sharing information about specific topics
  1. Underserved or remote users
  2. Universal Acceptance and IDN
